

MERCHANTS ARE WELL PLEASED WITH FESTIVAL

Unusual Amount of Trade During Three Days—Prizes Awarded to All Exhibit Winners—Saturday

GUESSING CONTESTS OUTCOMES ANNOUNCED

That the Harvest Festival, which closed Saturday night was the greatest advertising event ever promoted in Middlesboro is the opinion of S. M. Reams, president of the Merchants Association and other members of the organization.

All business establishments in the city experienced an unusual amount of trade during the three days and this increase was chiefly due to the great influx of visitors from the three counties represented in the exhibition.

Officers of the police department say the effort was not attended by drink, in fact other forms of disorderly conduct usually expected during periods of fairs. Only one man was arrested during the three days. He was a Middlesboro man charged with drunkenness.

Prizes were awarded to winners of exhibits Saturday. The expense of each display being borne by a member of the association. Most of the agricultural products were sold on the second and third days.

The following completes the list of exhibition prize winners: the order of the names indicating first, second and third prizes.

Best one dozen peaches—Gordon Sharp, Cumberland Gap. C. M. Davis, Speedwell.

Best assortment of garden products—W. B. Davis, Speedwell. Interment Farm, Harrogate, Mrs. Robert Hensley, Speedwell.

Best 12 ears white corn—E. L. Russell, B. M. Richardson, Tarwell. S. C. Kimball, Cumberland Gap.

Best 12 ears yellow corn—R. M. Adams, Robert Venable, P. L. Stone, Cumberland Gap.

Best peck of wheat—W. M. Atkin, Harrogate. Duck Sharp, Speedwell. Sam Periman, Cumberland Gap.

Best assortment of agricultural products—Mrs. T. C. Thomas, Cumberland Gap. W. C. Meadow, Cumberland Gap. M. S. Kimball, Rose Hill.

Best display of tobacco—A. H. Sharp, Cumberland Gap. Frank Venable, Cumberland Gap. H. H. Hancett, Cumberland Gap.

Best coop consisting of six hens and one rooster of White Plymouth Rock fowls—First, second and third prizes won by P. B. Wheeler of Shinnock.

Best coop of six hens and one rooster of Barred Rocks—Mrs. I. C. Knuckle, Jameville. White Southern Harrogate. Mrs. I. C. Thomas, Cumberland Gap.

Best coop six hens and one rooster of White Fitchorns—Mrs. Grover Sharp, Cumberland Gap.

Best coop Brown Fitchorns—Dollie Periman, Cumberland Gap. C. M. Davis, Speedwell.

Best coop Rhode Island Reds—Tul Pearl Middlesboro. W. L. Thomas of Harrogate. Mrs. J. C. Thomas, Cumberland Gap.

Best coop Buff Orpingtons—C. M. Davis, Speedwell.

Best coop flying chickens—G. A. Peyton, Shawnee. C. H. Russell of Harrogate. W. G. Meider, Harrogate. Best coop not entered in other displays—C. H. Cunningham, Harrogate. Neil Campbell, Middlesboro. C. M. Davis, Speedwell.

Mrs. I. R. Aynd won the \$20 prize in the National Bank guessing contest, her guess being \$264.75, only 5 cents less than the actual amount of money in the bowl. Guesses ranged from \$5.75 to \$12,500. Of 20 guesses only 55 were within a few dollars.

Mrs. M. S. Kimball won the \$50 sewing machine in the Singer drawing contest. Before deciding the winner in this W. S. Anderson mixed the tag numbers in the receptacle and a small girl blind-folded picked out one tick which was the winner.

Miss J. W. Cook won the \$5 in gold being the first to guess the number of one dollar bills in the glass jar at the singing booth. Her guess, and the correct amount was \$51. Indiges in the contest were W. B. Lister and R. L. Indy.

Frank Davis, holder of number 29 won the boudon lamp in the K. K. K. drawing contest. There were over 1500 names submitted in this contest.

There were so many guesses on the Citizens Bank money jar, that the slips

MULLINS FOR AIR FORCE REDUCTION

Baptist Summary President Sees Absurdity in Peace Conference Program

By Associated Press
LOUISVILLE, Ky., Sept. 24.—Opposition to the abandonment of military power on land and sea through peace conferences and the adoption of another form of military power in a thorough-going way in the new world today by Dr. F. A. Mullins, president of the Southern Baptist Theological Seminary, Louisville, in a statement prepared for the American Legion.

The American Legion is conducting a major wide campaign for the holding of an international disarmament conference in Washington in which the question of the reduction of the military in force will be discussed. Dr. Mullins' statement follows:

I am in hearty agreement with the proposition to call a conference on the limitation of military power among the nations of the world. I think it would be a splendid thing if the nations could get together and discuss this question. In my way of thinking it is better to demand to talk about reducing armaments on land and water and then for nations to enter into force a convention to limit the number of military units to some in the abandonment of military in one place and adopting it in a thorough-going way in another place.

Results of the poll so far show that among 741 replies received from United States senators on resolutions, editors, college presidents and other prominent citizens, 472 persons expressed approval of the proposed plan.

POLICE TAKE DOWN SIGNS OF K. K. K. CEREMONIAL

Posters, banners, a public demonstration of the Ku Klux Klan in Knoxville have been taken down by the police department.

The posters which were pinned in colored ink on the walls of the city hall and the city hall were the subject of the complaint. The posters were the work of the Ku Klux Klan.

There were not many business places which permitted the display of these posters and with one exception there were no churches to their removal.

PINEVILLE MAN IS ARRESTED WITH LIQUOR HERE SATURDAY

A C. Cook of Pineville was arrested here Saturday night by W. E. Sullivan, police officer, and was charged with having liquor in his possession. According to the reports he had a small quantity of whiskey on him. He was kept in custody here Saturday night and on Sunday morning was taken to Pineville to appear before Commissioner I. G. R. Huns.

He had not been counted at 20 this afternoon. The count of the money showed that there was \$24.75 worth of mules in the market and \$24 in the dollar jar. At the time of writing no one had guessed the exact amount in each jar though guesses of \$24.70 and \$24.80 have been made on the market jar.

Our Automobiles

50 MILES A GALLON FOR GASOLINE

General Motors President Predicts
Such an Average Within Next
Four Years

DAYTON, O., Sept. 24.—A few months ago, C. F. Kettering, president of the General Motors Chemical Company, a subsidiary of General Motors, predicted an average of 50 miles to a gallon of gasoline in four years.

Only recently, Kettering's firm came out with a new fuel which may produce the result he prophesied.

The fuel is called Ethyl Gas and consists of ordinary commercial gasoline to which a small quantity of Ethyl Fluid has been added. It is the result of long and patient experimenting in the General Motors Research Laboratories here, during which automobiles were run hundreds of thousands of miles on this and other test fuels.

In the test more than 2,500 substances were tried out, until the one finally adopted was found to be commercially practicable. The fuel is a

wine-colored liquid, the color being caused by the Ethyl Fluid.

"Knocks" Studied

What brought on the decision of the General Motors engineers to find a new fuel was the trouble motorists have been experiencing with knocking. Through research into this bugaboo of motoring by Thomas Midgley Jr., now general manager of the chemical company that is producing Ethyl Gas, brought him to the conclusion that "knocking" was not caused by faulty ignition, or by carbon igniting the gas before the spark could.

Instead, he discovered this phenomenon was due to a high-pressure gas wave, traveling at high velocity, striking the side of the combustion chamber or top of the piston. Considerable damage could be done by this wave, even to wrecking the engine.

The Remedy

On this hypothesis, General Motors engineers sought a remedy and finally came upon Ethyl Gas as the solution. They figured that if the compression of the engine could be increased, greater power and economy could be obtained. But increased compression produced the knock, which they finally have been able to forestall by the

use of the Ethyl Gas fuel.

Addition of only one-tenth of one per cent by volume of the Ethyl Fluid to the gasoline is said to be enough to produce the desired result. Its use is said to eliminate loss of power, waste of gasoline and carbonization.

It is a step toward the fulfillment of Kettering's prediction of 50 miles on a gallon of fuel.

DETROIT SPEEDERS MUTS EAT DUST

Sentence Guilty Traffic Violators to
Work on Streets—Speed
Limit 15 Miles

DETROIT, Sept. 24.—River Rouge, whose city limits butt against those of this Michigan metropolis, stands out today as the originator of a "safety first" system unique in modern methods.

River Rouge is making speeders "eat their own dust," and literally too. For, this little city, lying of the mad rush of bootleggers, of drunken drivers and others making its streets a speedway, has taken advantage of an ordinance which makes possible sentencing of city prisoners to work.

Municipal Judge John R. Valois and Chief of Police Oliver G. Brown recently decided to "bring in" every speeder. On Judge Valois would devolve the duty of sentencing the guilty ones to work on the city streets.

Get Uniforms

Daily the commissioner of public works may be seen supervising his gang of convicted speeders in either street cleaning, laying of bricks, or any other odd job that may be necessary.

Overall uniforms, with the words "City Prisoners" and a number, are provided. These the speeders are forced to don and then go their way to street work for the period of sentence, be it two days, a week or month.

The experiment has been a great success. Where a dozen or more used to be brought into court daily this number has been reduced to two and three, for the spectacle of the uniform, the thoughts of calloused hands and the humiliating nature of the work has had a most salutary effect.

Over "25"

River Rouge has a speed limit of 15 miles an hour. However, this is not enforced to the letter, the motorcycle officer being instructed to arrest only those who are proceeding at more than 25 miles an hour.

Lying between Detroit and Encorse, the latter place being internationally famous because it has been and still is the principal spot at which booze and beer is run over the Detroit River from Canada, River Rouge has had much trouble with "wild" drivers.

Now, however, things have changed and, to all evidences, the "business" of Chief Brown and Judge Valois will steadily decrease.

CARS SOLD NOW ON WOMAN'S DECISION

Ease of Operation General Trend of
Improvements in Last Twenty-
five Years

Look over the improvements made on the automobile in the last 25 years and what do you find the most marked trend in its progress?

Ease of operation. That includes everything designed to make driving easy for the motorist.

And the individual for whom most changes have been made in the course of this advancement is—woman.

For proof, here is the conclusion of the Cleveland sales manager of a high-class car, who has had experience in automobile sales throughout the various stages of progress. It is that three-fourths of the cars bought nowadays have been sold on the decision of women.

She's Pleased

And it is in recognition of this important fact that automobile manufacturers have sought more and more to please the woman, even more than the man, in selling their products. Beauty, comfort, ease in driving—all make their appeal to the feminine, while every effort has been made to reduce inconveniences on the road.

Of course, man would not like to feel himself eliminated from consideration when it comes to beauty, comfort and driving ease of a car. For he is interested in these attributes—but not so much as his wife or sweetheart say auto salesmen. Besides, if they could show the husband that low purring motor, the sturdy chassis and the easily handled controls, they have done enough to sell him. While Mrs. Motorist must be sure she'll ride in comfort and that her car is more beautiful than her neighbors'.

Classes of Buyers

According to this Cleveland manager's observations, the men who buy automobiles may be divided into four classes:

1. Those who say whatever car suits their wives is satisfactory to them.
2. Those who consult their wives before buying.
3. Those who buy cars without consulting their wives.
4. Unmarried men.

Estimating the number in each group, this salesman concludes about 75 per cent of the men who buy cars do so after having consulted the woman in the case. He puts nearly half of the purchasers in the

first category. And those who buy without considering their wives' feelings are as few as those who do the buying for the family table.

And even the unmarried men include many who consult their sweethearts before buying.

NEW AUTOMOBILES EXHIBITED AT HARVEST FESTIVAL

The Evans and Ramey Motor Sales company, the Evans and Ramey Port-Stutz agency of the Caton Garage company had automobiles on exhibition at the Harvest Festival Friday and Saturday. The cars were parked in front of the grounds and descriptive literature was distributed

to interested persons. Some late models of the Stutz, Dorr and Chevrolet cars were on exhibition. Members of the firm say they are pleased with the results of the advertising.

Mr. Catron had a late model Buick on exhibition. He was also gratified at the public interest manifested in the car.

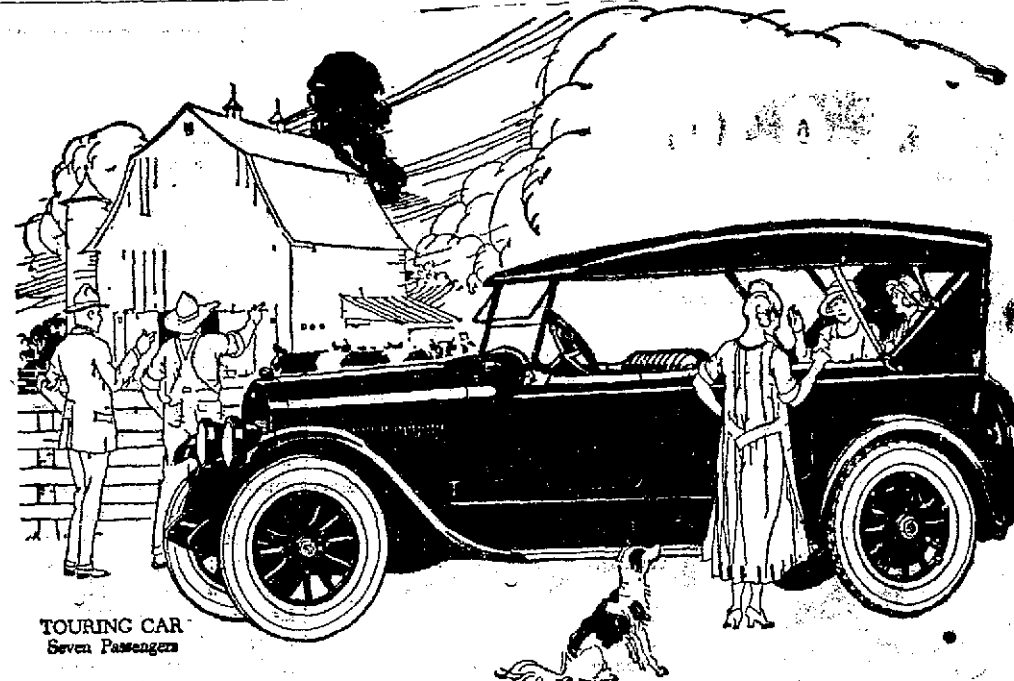

COLVIN TO SPEAK AT

MURRAY NORMAL OPENING

Associated Press
MURRAY, Ky., Sept. 24.—George Colvin, state superintendent, will be

the principal speaker at the formal opening of Murray State Normal here Monday morning. Plans contemplate a record crowd for the opening with superintendents, school teachers and educational leaders from many parts of Western Kentucky in attendance.

Dr. John W. Carm, president of Murray State Normal, who has been busy arranging the program for the opening and a committee of residents of Murray will be in charge of the services. Speakers include W. J. Webb, Mayfield; Lawrence Cooper, Benton; J. T. Harmon, Bowling Green, member of the Normal School Commission which selected Murray, and Joe Robinson, Clifton.

TOURING CAR
Seven Passengers

LINCOLN

MOTOR CARS

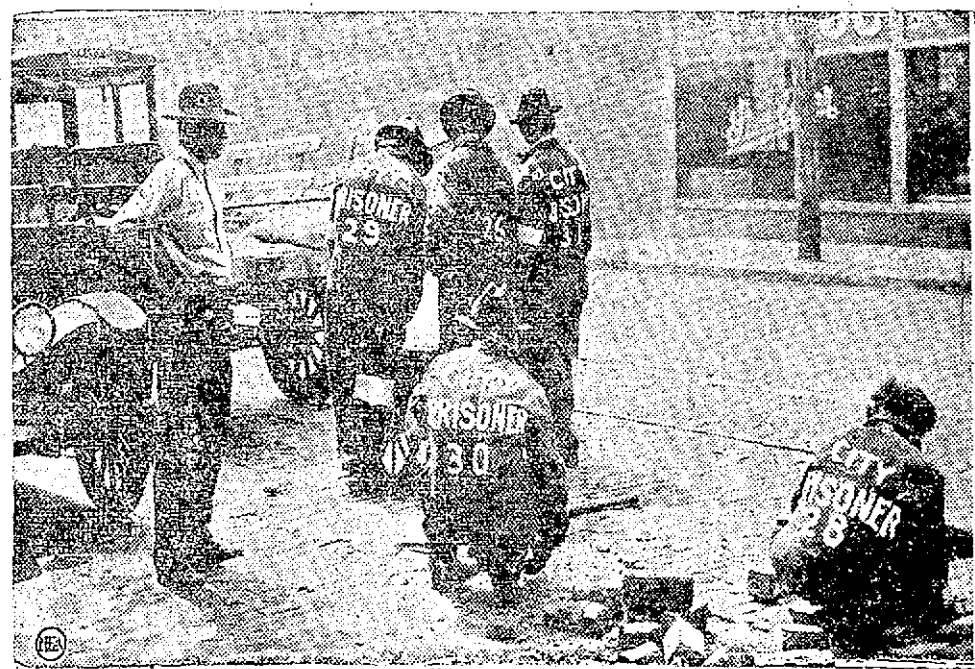

To own a Lincoln Motor Car is to immediately experience the highest measure of satisfaction. In road performance, in comfort, in beauty of design and finish there is nothing left to be desired.

With each succeeding mile of service this satisfaction grows with the fuller realization that the Lincoln gives all that can be required of an automobile.

MOTCH MOTOR CO.
Middlesboro Kentucky

The automobile driver isn't the only one to be watched and warned, according to this sign, proposed by the Cleveland, (O.) Safety Council. It is a warning of safety for pedestrians to be pointed at the back of every curb sign, which formerly warned motorists against parking. Safety Director Thomas C. Marrinac has agreed to add this innovation for the safety of walkers.

9th and Sycamore streets, Cincinnati, O., Attention Mr. Eddy.

Announcement

On the 21st day of this month Dodge Brothers shipped to us a Type B Sedan as a sample car. Sedan production began September 20. We were immediately supplied with this sample car and in turn we would like for every prospective purchaser to see this car as soon after its arrival as possible.

Freight shipment from Detroit to Middlesboro takes approximately seven days so it will be possible for us to show you this car at our place in our new show room, Saturday, September 29.

The Nevermore
Look in my face; my name is Might-
have been:
I am also called No more, Too late,
Farewell:
Upon thine ear I hold the dead set
shed:
Cast in thy life's team-fretted feet
between:
Unto thine eyes the glass where that
is seen:
Which had life's joy and love's
but by my spell
Is now shaken shadow indelible,
Of ultimate things muttered the final
screen.
Mark me, how still I am! But should
there dart
One moment through my soul the

Johnson were married at Cumberland
Gap by Magistrate R. W. Brooks at
8:00 o'clock Saturday night. Those
present at the wedding were: Willie
Berkley, Miss Flora Berkley and Mrs.
James Berkley. The bride is the
daughter of Mr. and Mrs. W. A. Berk-
ley. The couple will make their home
in Middlesboro.

**Special Meetings
of Baptist Women**
The Woman's Missionary society of
the First Baptist church will hold spe-
cial meetings this week, as follows:
Circles No. 1 and 2 will give programs
from 2 to 4 o'clock at the church on
Tuesday afternoon; Circles No. 3 and
4 will give programs from 2 to 4 on
Thursday afternoon at the church. All
members are requested by the presi-
dent, Mrs. J. R. Hoe, to be present at
both meetings.

**Mercer-Hurst
Wedding Yesterday**
Miss Blanche Hurst, daughter of
Mrs. Arthur Hurst, and Edwin W. Mer-
cer, son of Mrs. E. C. Mercer, were
married at the Presbyterian church
immediately after the morning ser-
vices, Dr. R. B. Douglas officiating.
The couple were unattended. The
bride's dress was of black crepe and
lace, with a black hat. Mr. and Mrs.
Mercer will make their home for a
while at the Charles Hurst home. Mr.
Mercer is employed as a civil engineer
by the L. & N. railroad.

No More Blue Mondays

Wash-day has always been known as Blue
Monday, because it always leaves the house-
wife tired and exhausted after the wash is
out. But thousands of housewives know that
Wash-day can be as free from aches and
pains as any other day, if electricity washes
and wrings the clothes.

The Federal is good to
look at. But more im-
portant, it takes away
the drudgery of wash-
ing—the hardest work
of home-making.

FEDERAL Electric Washer

does all the washing in an hour or so.
No more rubbing on a washboard. It
does the wringing, too. You will be
surprised how quick a mountain of
dirty clothes are clean and ready for
the line.

\$5 puts the Federal in your
home. The balance can be ad-
ded to your light bill over 18
months
